

EUROPE, ARMING, NOT DESERVING TO HAVE DEBTS FORGIVEN—BORAH

Senator Declares That to Make Financial Concessions Would But Aid the Cause of War.

WASHINGTON PEACE PROGRAM IS IGNORED

When Foreign Nations Disarm Will Be Time Enough to Think of Cancelling Indebtedness, He Says.

(By The Associated Press.) Washington, Aug. 3 (By the Associated Press).—Great Britain's suggestion for cancellation of war debts drew sharp attack today from Senator Borah, of Idaho, republican, member of the senate foreign relations committee and leader of the senate "irreconcilable" wing, who issued a statement declaring emphatically that any debt renunciation would have to be preceded by European disarmament. Senator Borah said the statement was "a complete repudiation of the peace program of the United States."

The American people "could never be greatly interested in any proposition for the cancellation of any part of the debt to the United States unless the proposition is accompanied by a definite and specific plan supported by certain guarantees for practical disarmament," he said. "The peace program of the United States," he said, "is not a mere suggestion, but a definite and specific plan supported by certain guarantees for practical disarmament."

There is nothing to be gained by our cancelling this debt, or any part of it, if the gigantic military and armament programs in Europe are to continue. It would amount in practical effect to our aiding and abetting the building up of these great military and armament programs. It would thereby abetting war, and it would be to be considered at all, it should be considered in the interest of humanity, of economic sanity.

Within the last week, the premier of England has declared: "Keep your eye on what is happening. They (the nations of Europe) are constructing more terrible machines than even the late war ever saw." Not for peace, he said. They are not even to disperse armies. They are to attack cities unarmed where they have defenseless populations.

"The Washington conference adjourned last February. The senate of the United States ratified the treaties, I think in April. The treaties are not, however, to be considered by the committee, according to the same dispatch. And even if they are ratified ultimately the spirit of the movement has been crushed and the great cause of disarmament halted and scotched by the delay and utter loss of interest in the proposition. In the meantime, every effort is being made in this country in certain quarters to revive the war spirit. People who have great interests in armament and peace are denounced by those in authority.

"Any scheme for the cancellation of debts which does not disclose a definite question that it will result in reducing the land and sea forces is not in the interest of peace, but in the interest of war, and not in the interest of humanity but in the interest of murder."

FIXING CHARGE DROPPED.

New York, Aug. 3.—Joe Lynch, world's bantamweight boxing champion; Johnny Buff, former title holder, and their managers have been absolved by the state boxing commission. It was announced today, of wrong doing in financial arrangements for their recent title contest. The boxers and their managers were suspended after the bout pending investigation of charges that Lynch had guaranteed Buff \$30,000 for defending his title.

WEATHER

FORECAST.
Denver, Colo., Aug. 3.—New Mexico: Generally fair south, occasional showers north portion, Friday, somewhat cooler east portion; Saturday fair except occasional unsettled north portion.

Arizona: Generally fair Friday and probably Saturday except unsettled Friday north portion; not much change in temperature.

LOCAL REPORT.

Conditions for the twenty-four hours ended at 6 p. m. yesterday, recorded by the university:

Highest temperature	85
Lowest	63
Range	22
Mean	74
Humidity at 6 a. m.	54
Humidity at 6 p. m.	18
Precipitation	0.0
Wind velocity	28
Direction of wind	Clear
Character of day	Clear

ANTI-KU KLUX KLAN WINS EASILY IN OKLAHOMA VOTE

Walton Nominated for Governor by Democrats With Solid Vote of Catholic Members of Party.

(By The Associated Press.) Oklahoma City, Aug. 3 (By the Associated Press).—Victory by a decisive plurality for Mayor J. C. Walton of Oklahoma City, anti-Ku Klux klan and Farmer-Labor candidate in the three-cornered race for the democratic nomination for governor in Oklahoma, was assured tonight on unofficial returns from Tuesday's statewide primary.

But 705 out of the state's 2,837 precincts still to be heard from. Walton has piled up a lead of slightly more than 25,000 votes over his nearest opponent, R. H. Wilson, who received the backing of the Ku Klux klan. Returns from the heaviest voting precincts had been tabulated.

Both of Walton's opponents have conceded defeat. Wilson admitted the Oklahoma City mayor's nomination today, and Thomas H. Owen conceded he was out of the running Wednesday.

The count from 2,122 precincts was: Walton, 87,591; Wilson, 62,333; Owen, 48,711.

Wife Leads Republicans.

Mayor Walton will be opposed in November by John Fields of Oklahoma City, editor of an agricultural paper, the republican nominee.

The nomination of Mayor Walton, in the view of the newspapers and political observers, was an overwhelming victory for the Roman Catholics of the state combined with the Farmer-Labor vote.

Walton had the endorsement of the Farmer-Labor Reconstruction league with a platform embodying many of the principles of the national Non-Partisan league and union labor organizations.

The Roman Catholic democrats joined solidly against Wilson, the alleged K. K. candidate, and threw their support to Walton, who is a klan opponent. It is claimed.

Catholics in Opposition.

In a statement to the Associated Press, the Rev. J. F. McGuire, chancellor of the Oklahoma diocese of the Catholic church, declared that the church in Oklahoma had opposed the klan candidate in a spirit of self-defense. After calling attention to the fact that "religious feeling in Oklahoma is in a disturbed and unhealthy condition," he said: "Not for peace, but for the sake of the state, we have taken part in this campaign, as an organization, and we have been compelled to defend ourselves."

"It is our sincere desire to see the day when political considerations alone shall be considered in politics; when a political campaign shall no longer be the signal for a new outbreak of anti-Semitism, anti-Judaism or anti-anything else except bad public servants, bad measures and bad political principles."

Six Incumbents Named.

The statement was issued following the publication in the Daily Oklahoman, of Oklahoma City, democratic newspaper, attributing the apparent nomination largely to Catholic votes.

Six out of eight incumbents in congress, including Miss Alice Robertson, republican of Muskogee, apparently had been renominated. Manuel Herrick, republican of Tulsa, was defeated in the Eight district, and Representative T. A. Chandler, republican of Tulsa, forged ahead of G. Schwabe, of Nowata, tonight with returns from 196 out of 443 precincts in the First district tabulated.

STATE TO SAVE \$1,000,000 ON HIGHWAY SYSTEM

Ruling of Supreme Court Affecting Indian Lands Proves an Aid to New Mexico Road Program.

(Special Correspondent to The Journal.) Santa Fe, Aug. 3.—More than \$1,000,000 will be saved to New Mexico in the construction of federal aid roads crossing Indian lands, under recent decisions of the United States supreme court upon the federal road act, L. A. Gillett, state highway engineer, announced today.

Col. R. E. Twitchell of Santa Fe, special assistant to the United States attorney general, on a recent visit to Washington, he found that on federal aid roads crossing Indian lands, the entire allotment to the state, the latter not being required to pay the proportionate share, as is required upon other federal aid roads. Gillett said that in New Mexico's main system of highways these decisions would have for the state more than \$1,000,000. A statement is now being prepared to show exactly the amount that will be saved.

TRANSITS WITHDRAWN.

New Orleans, La., Aug. 3.—Withdrawal of twenty daily passenger trains in Texas and Louisiana was announced today by the Texas & Pacific railroad. Strike conditions were given as the cause of the announcement.

DESPERATE MAN, CORNERED, ENDS LIVES OF THREE

Walter Castor, Suspected of Murder, Kills Detective, Sister-in-Law and Self at Frisco.

(By The Associated Press.) San Francisco, Calif., Aug. 3.—Trapped by a police detective detail after he had been hunted throughout the country since early in June, Walter Castor, suspected of the murder of Mrs. Anna Wilkins, shot and killed Detective Timothy Bailey, his sister-in-law, Mrs. Robert Castor, and himself in the home of his mother, Mrs. Minnie Castor, here today.

Detective Ernest Gable also fell with a bullet wound in his head as the result of Castor's murderous marksmanship, and was fighting death tonight.

Castor, returning to the city last night, presumably to seek help for relief at the home of relatives, from the constant vigilance occasioned by the police search, went to the home of Mrs. Robert Castor. He stayed there a few hours, the police arriving soon after his departure.

The detective detail, under the direction of Detective Sergeant Jere Dinan, induced Mrs. Castor to take them to the home of his mother, Walter Castor, who was in the kitchen, saw his pursuers and was seen by them. He "beat them to the draw," and as Bailey and Dinan rushed for him, he sent a bullet through Bailey's heart. Mrs. Robert Castor dodged into a bedroom.

Castor attempted to dash to freedom through the kitchen door and saw Detective Gable and Detective Riehl. The fugitive shot again and Gable fell.

Kills a Woman.

When Castor made this escape attempt Dinan sent two bullets after him. Castor dodged into the bedroom where his sister-in-law was, and two shots were heard. Dinan sent two bullets through the door of the room, and Castor, mortally wounded, fell to the floor, dying in a few minutes.

Going into the room, Dinan and Riehl saw the young woman had been fatally shot. According to Dinan, Castor evidently enraged at her shot her down, then, seeing no chance for escape, turned the pistol on himself.

Today's tragedy had its root in the killing by an automobile bandit of Mrs. Wilkins on March 20. Walter Castor and his brother, Arthur, were held as suspects, but released. Later developments not only resulted in a murder warrant for Walter Castor, but in the arrest of Henry Wilkins, Mrs. Wilkins' husband, on a like charge.

Wilkins broke down when informed of the tragedy, declaring that Castor's testimony would have cleared him of the murder charge, and he had been falsely accused. He declared that his one hope had been that Castor would be found and would testify in his behalf.

BORGMAN TO BE HONOR GUEST AT C. OF C. DINNER

Affair on August 17 at Armory to be Farewell to Rabbi; Reclamation Engineer to Speak.

Rabbi Meise Borgman, for many years a resident and admirer of Albuquerque, will be guest of honor at the big Chamber of Commerce "get-together" dinner which will be held at the armory on August 17. Decision to give the farefare to Rabbi Borgman was made at a meeting of the board of directors last night. Mr. Borgman will leave for his new home in Los Angeles about August 20.

At the chief of the improvement problems of the Chamber of Commerce, the valley reclamation project will be made the principal subject of discussion at the dinner. L. W. Lawson of El Paso, prominent reclamation engineer, will make one of the addresses.

Mr. Lawson is a director of the Elephant Butte reclamation project. He is recognized as having had more practical experience in drainage work in the Rio Grande valley than any other man in the United States. His address will probably be illustrated with moving pictures and lantern slides.

Inquiries have been made of the interior department and the reclamation service as to what is necessary for New Mexico to do in the way of legislation to meet the conditions of the McNary bill when it becomes a law, according to M. L. Fox, manager of the Chamber of Commerce. It is not known at present whether it will be necessary to await until the bill has been enacted before taking steps to meet its conditions, or whether a uniform law of the states will be necessary. Mr. Lawson is expected to give much valuable advice on these subjects.

The dinner will be held at the armory at 6:30 o'clock and will be informal. Mrs. Elsa Whipple of Tamarisk Inn will act as cateress. Between 400 and 500 members and patrons of the Chamber of Commerce are expected. The meal will be a dollar a plate.

INDIANS BUY BOONE.

Cleveland, O., Aug. 3.—The purchase of Daniel Boone, a right-handed pitcher from the Chattanooga club of the Southern Association, and the release of two players to that club on optional agreements, was announced by President E. S. Barnard of the Cleveland baseball club tonight. Boone is to report to the Indians at once. The purchase price was not made public. The players released to the Chattanooga club are pitcher Schaute and third baseman Dorgan.

PAIR OF QUEENS? YES! EVEN IF ONE HAPPENS TO BE ONLY MERE PRINCESS

Queen Marie of Roumania and her daughter, Princess Beatrice. The Roumanian royal family hasn't a monopoly on all the "beauty" in Europe, but it certainly got its share when feminine loveliness was passed out. Queen Marie and her daughter, Princess Beatrice, will not suffer by comparison with stage and screen beauties. Queen Marie of Serbia, another daughter, also is recognized as a beauty.

MONEY INTEREST OF SENATORS IN TARIFF PROBED

Senator Gooding Wants to Know Their Connections With Industries Affected; Final Vote Delayed.

(By The Associated Press.) Washington, Aug. 3.—Upsetting plans of republican and democratic leaders for a final vote on the administration tariff bill on August 17, Senator Leinrod, republican, Wisconsin, gave notice today in the senate that there would be no unanimous consent agreement for a final vote, at least until all important committee amendments to the measure had been discussed and acted upon.

The Wisconsin senator said he was anxious to limit debate, and proposed an arrangement under which, beginning today, discussion would be confined exclusively to the tariff with each senator limited to ten minutes' talk on amendments on the bill after August 11.

The democratic proposal for a final vote on August 19, and the republican counter proposition for a vote on August 17, led to a long discussion.

Senator Gooding, of Idaho, chairman of the republican agricultural tariff bill, introduced his resolution directing a special committee of five senators to inquire into and report to the senate on "The financial interests of senators in the wool and sheep industries."

"The financial interests of Mr. Frank A. Stansbury, in Europe, constitute a tax on the industry of the wool and sheep industries; the amount and percentage of his income derived from advertisements placed in his newspapers by the importing department, which have financed a campaign of defamation against the pending tariff bill and which will profit by the defeat of the bill."

The numbering of financially interested in newspapers; the amount of revenue obtained by these newspapers from the importing department stores, which will benefit financially by the defeat of the pending tariff bill.

"The financial interests of all members of the senate, or their immediate relatives in any American industry, or in any property in any community in the United States which may be affected directly or indirectly either by the passage or defeat of any proposed schedule in the pending tariff bill."

The preamble of the resolution recited that charges had been made by the New York Herald, owned by Mr. Munsey, "that members of the senate, engaged in the sheep industry, had thereby been financially interested in the wool schedule of the tariff bill."

It referred also to the resolution offered last Saturday by Senator Caraway, democrat, Arkansas, proposing an investigation of the financial interests of any of all senators in the tariff schedules.

Senator Gooding's resolution was referred to the committee on congressional expenses, which, on motion of Senator Harrison, democrat, Mississippi, was directed to report on it "immediately." Members of the committee said a report would be made tomorrow, but indicated that the resolution would be modified.

UNIONS CONSIDER STRIKE.

Chicago, Aug. 3.—E. J. Manion of St. Louis, president of the railway telegraphers, has sent letters to the heads of the twelve railroad unions not on strike suggesting a meeting to discuss the growing tendency to involve their men in the shopmen's strike, it was learned here today.

WOOD PULP KEPT FREE FROM TAX IN NEW TARIFF

(By The Associated Press.) Washington, Aug. 3.—Chemical wood pulp was restored to the tariff free list today by the senate, which rejected, 30 to 22, an amendment proposed by the finance committee majority to make it dutiable at five per cent ad valorem. Three senators, who published newspapers—Capper of Kansas, Glass of Virginia, and Hitchcock of Nebraska—withheld their votes.

Fifteen republicans voted against the amendment, and three democrats supported it. The republicans were: Borah, Burton, Calder, Cummins, France, Keyes, McKinley, Moses, Nelson, Nicholson, Norbeck, Odell, Spencer, Sterling and Willis. The democrats were: Broussard, Fletcher and Randall.

Opponents argued that a duty on this pulp would result in the denuding of American forests, discrimination against American paper mills and also that it would constitute a tax on the dissemination of knowledge. Proponents argued that only a small proportion of the timber cut annually went into pulp; that the industry needed protection from Canadian mills, and finally, that tax imposed, while only a small burden on the newspapers, paper manufacturers and book makers, would yield the government \$3,000,000 in revenue.

TRIBUTE TO BELL.

New York, Aug. 3.—Every telephone instrument in the United States and Canada will be silent for one minute tomorrow while Alexander Graham Bell, inventor of the telephone, is being buried. This was announced today by the American Telephone and Telegraph company. The exact time will be determined later.

SHEA DOES WELL.

San Francisco, Calif., Aug. 3.—Pitcher Patrick Shea, purchased from the New York Giants, made his San Francisco debut today by blanking Sacramento 8 to 0. Only three hits were made off his delivery and only three players reached first base. None of them touched the second sack.

U. S. MARSHAL TO ENFORCE STRIKE ORDERS IN CITY

Notices of Temporary Order Restraining Breaches of the Peace and General Picketing are Served.

United States Marshal Secundino Romero arrived in the city last night at 6 o'clock in company with several deputy marshals to take charge of the enforcement of the temporary restraining order issued by the federal court at Santa Fe against disturbances of the peace in connection with the strike at the local railway shops.

The temporary restraining order was issued by Federal Judge Colin Nebbett upon complaint of the Santa Fe railway as a result of approximately 60 breaches of the peace which have been reported to local officials since the strike started. The order covers all types of assault growing out of picketing and prohibits picketing except in prescribed areas when it can only be done by one individual. It prohibits strikers or their backers from stopping workmen to talk with them unless they desire to stop.

Final hearing on the application for the injunction will be held August 12.

Extra Deputies Named.

Immediately upon arriving here, Mr. Romero appointed a number of additional deputies and set to work serving the notices of the temporary injunction on the heads of the various shop crews which are engaged in the strike and upon approximately 75 others who have taken a more or less prominent part in the strike movement at this point.

Mr. Romero's deputies arrived last night from other sections of the state and were immediately acquainted with the situation here and placed on duty. It is probable that U. S. Marshal Romero will remain in the city for several days in charge of his officials.

Violation of the restraining orders will result in the arrest of the offenders, who will be brought before Federal Judge Colin Nebbett for contempt of court. This means that many such cases of assaults resulting from the strike which have heretofore been tried before the various justices of the peace will be taken directly into the federal courts. This will be the case regardless of whether the arrests are made by the deputy marshals, city police, special officials of the Santa Fe railway or officials of the sheriff's office.

The few cases of assault in which arrests have been made during the past day or two and which are still pending in the justice courts, will not be affected by the order, the regular course of justice being carried out in these few cases.

A. B. Ditch, who was arrested by police yesterday charged with being one of the gang of men who assaulted Thomas Lyons, a worker at the Alvarado hotel Wednesday night, will be given a hearing before Justice of the Peace G. E. Rody this morning at 9 o'clock.

PRIORITY ORDER GOVERNING COAL MOVEMENT SOON

Federal Fuel Distributor Begins His Work; Government Tries to Bring Men and Employers Together.

(By The Associated Press.) Washington, Aug. 3 (By the Associated Press).—New priority orders for the transportation of fuel will be issued immediately by the Interstate Commerce Commission, Federal Fuel Distributor Spencer announced tonight, with the purpose of hastening the distribution of coal under the administration's emergency program.

"The district committees representing the federal organization in each coal field will be functioning by Monday," Mr. Spencer said. Today's discussions by the committee, he declared, were confined to routine matters and no important conclusions were reached.

Efforts to bring government influence to bear upon coal mine operators who have been unwilling to attend the central competitive bidding in July, while Colonel Goldbaum Padilla, who was detailed by President Oregon to investigate the case, is said to be facing court martial for exceeding his authority in ordering the removal of the hands called off. None of the members of the kidnapping party have been identified.

MORGAN DEFEATS W. R. STUBBS FOR HEAD OF TICKET

Former Governor of Kansas Fails to Secure Chance to Run Again on G. O. P. Ballot.

(By The Associated Press.) Topeka, Kans., Aug. 3.—With returns received from 1,943 of the 2,536 Kansas precincts, W. Y. Morgan, republican gubernatorial candidate, has a plurality of 11,197 over W. R. Stubbs, his nearest opponent. The consensus of opinion in political quarters is that his ultimate plurality may be in the neighborhood of 15,000 in the state. Tom McNeal and W. P. Lamberson are running close for third position.

Powder Puff Battle.

In the women's race for the cellar position in the republican gubernatorial contest, Mrs. W. D. Mowry is leading Miss Helen Pettigrew, champion of light wines and beer and unrestricted use of the powder puff. Mrs. Mowry has 1,734 votes against 1,404 for Miss Pettigrew.

Returns from 1,100 out of 2,536 Kansas precincts in the democratic contest for the nomination for governor give: Jonathan Davis, 5,832; Henderson S. Martin, 3,598, and Leigh Hunt, 2,881.

William H. Thompson, former United States senator from Kansas, won the democratic nomination for representative in congress from the Second Kansas district, returns today indicated. He defeated Barton Needham by 1,524, a late tabulation shows.

Thompson's opponent on the republican ticket at the November election will be E. C. Little, incumbent.

WESTERN ROADS SAY STRIKE IS NOT EFFECTIVE

Freight and Passenger Traffic Moving, They Declare; Add 15,259 Shopmen July 25 to Aug. 2

(By The Associated Press.) Chicago, Aug. 3 (By the Associated Press).—Western railroads with headquarters in Chicago added 15,259 shopmen to their forces between July 25 and August 2, a statement issued today by the western president's committee on public relations of the Association of Railway Executives said. On July 25, the statement said, western roads had 44,591 men in their shops, and on August 2 the number was 59,750. The daily increase of men returning to work or being hired, the statement said, ranged between 1,600 and 2,900 men.

The strike, the statement said, is having "practically no effect upon the ability of the carriers to render adequate freight and passenger service."

Select Useful Men.

"The fact that practically all of the western roads have been able to meet their traffic demands has resulted in the careful selection of new employees," the statement on Tuesday, "the roads accepting only those men who give satisfactory indications of becoming permanent and useful employees."

The executives of western roads returning from the meeting in New York which on Tuesday rejected President Harding's proposal to restore seniority to striking shopmen, said the president's suggestions were impossible of acceptance.

Harding's proposition, hoping it might have been something we could have accepted or worked on, but it was impossible of acceptance," H. E. Byram, president of the Chicago and St. Paul road said. "We intend to retain the men we have employed in good faith, and they are efficient and capable."

Mr. Byram said the road had employed 15,259 shopmen in two days and 50 old shopmen at Milwaukee applied for their old positions today.

DETECTIVES WATCH BIELASKI, WHO IS IN U. S. EMBASSY

(By The Associated Press.) Mexico City, Aug. 3.—Twelve detectives are stationed about the United States embassy to guard the movements of A. Bruce Bielaski, who, with his wife, has been the guest of George T. Sumner, the American charge d'affaires, for over a week. It is learned that the hospitality of the embassy was offered so as to relieve Mrs. Bielaski of an embarrassing police surveillance.

Bielaski finished his business affairs a week ago but the failure of the Chervanava court to announce a decision in his case delayed his departure. Senator Borah and Mrs. Milo have both been cleared of complicity in the kidnapping case and now are here.

Montes de Oca, the chauffeur, also charged with complicity, remains in jail, while Colonel Goldbaum Padilla, who was detailed by President Oregon to investigate the case, is said to be facing court martial for exceeding his authority in ordering the removal of the hands called off. None of the members of the kidnapping party have been identified.

ARMY HORSES LEADING IN COLORADO SPRINGS ENDURANCE CONTESTS

(By The Associated Press.) Colorado Springs, Colo., Aug. 3.—Another contestant in the Colorado Springs endurance ride was eliminated today when the judges ruled out St. Michael, the cow pony entry of E. A. Pring, a Colorado Springs ranchman. The horse showed signs of exhaustive fatigue this morning, less than three hours after the ride had started. The other nine entries finished the third day's grind of sixty miles in good condition.

As the result of the three days' ride, the entries of the United States army are the ruling favorites to win the honors of the contest. Jerry, ridden by Captain W. C. Latimore, of Fort Sill, Okla., has a low mark of 24 hours, 55 minutes, for the three days. Norfolk Star, of Fort Russell, Wyoming, is next with 24 hours, 44 minutes, and Matinee Cat, polo pony, ridden by Lafayette Hughes, Denver, is third with 27 hours 53 minutes.

NEW COMMISSIONERS NAMED.

Santa Fe, Aug. 3.—Brack Sloan of Ancho was today appointed Gov. M. C. Mechem as commissioner of the second district of Lincoln county to succeed Charles H. Lutz. Mr. Lutz recently appointed receiver of the United States land office at Roswell.

REED WINNER IN MISSOURI RACE FOR NOMINATION TO U. S. SENATE

Opponent Refuses to Concede Defeat Until Completion of the Count is Made.

MAN OPPOSED BY WILSON SUCCEEDS

Breckenridge Long Believed Unable to Overcome 6,879 Lead, With 222 Precincts to Report.

(By The Associated Press.) St. Louis, Aug. 3 (By the Associated Press).—Every factor on which political experts have based their opinions, indicates tonight that Senator James A. Reed has been nominated by the democrats of Missouri to be their standard bearer in November to succeed himself.

With 222 precincts missing out of the 3,448 in the state, Senator Reed was leading Breckenridge Long of St. Louis, former third assistant secretary of state in the Wilson administration, by 6,879 votes.

The vote in 3,254 precincts stood: Reed, 159,321; Long, 152,442.

In order to overcome this plurality in the remaining precincts it will be necessary for Mr. Long to lead Senator Reed by almost 31 votes in each precinct. In the last 100 precincts reported from the less densely populated parts of the state, the total number of voters to precinct has not equaled 21.

From early morning until late afternoon the precincts that reported served to reduce the senator's lead little by little, until at one time it was cut to slightly more than 6,300. In the last 50 precincts to report, however, the senator's lead was increased.

Despite Reed's lead, Breckenridge Long tonight told the Associated Press that he still was confident of victory and that he believed the official count, which begins tomorrow, will be favorable to him.

Brewster Leads Republicans.

R. R. Brewster of Kansas City, supported by the regular republican organization, has won the republican nomination for the United States senate. With more than three-fourths of the state in including the complete vote from the city of St. Louis, where William Sacks pulled an enormous vote, Mr. Brewster is leading by more than 10,000. The vote in 3,255 precincts gives: Brewster, 74,695; Sacks, 64,104.

Thirteen sitting congressmen were nominated in Tuesday's primary and two are apparently defeated, while Samuel W. Shelton, in the sixteenth district, did not run for renomination.

Woman for Congress.

Four women seeking congressional nominations, Mrs. St. Clair Moss, president emerita of Christian college, Columbia, was the only victor. She defeated two male opponents for the democratic nomination in the Eighth district. She will be opposed by Representative Sid C. Roach.

ARMY HORSES LEADING IN COLORADO SPRINGS ENDURANCE CONTESTS

(By The Associated Press.) Colorado Springs, Colo., Aug. 3.—Another contestant in the Colorado Springs endurance ride was eliminated today when the judges ruled out St. Michael, the cow pony entry of E. A. Pring, a Colorado Springs ranchman. The horse showed signs of exhaustive fatigue this morning, less than three hours after the ride had started. The other nine entries finished the third day's grind of sixty miles in good condition.
